Education

National Science Foundation Graduate Research Fellow 2018 - 2023
Colorado State University, Ph.D. in Applied Developmental Science Expected 2023
Colorado State University, M.S. in Prevention Science Expected 2020
Colorado State University, Graduate Certificate in Data Analysis Expected 2020
Colorado State University, B.S. in Human Development and Family Studies (*summa cum laude*) 2018

Research Experience

Mindfulness and Family Resilience Laboratory (MFR), Lab Manager 2016 - Present

Director & Principal Investigator: J. Douglas Coatsworth, Ph.D.

Project administration; data collection using complex physiological and observational equipment; data analysis via dynamic systems-based methods and modeling; technical and scientific writing; R programming; recruitment, training, mentorship, and management of 10+ undergraduate research assistants

Current Studies

1. *Mindful Parent Observational Study (MPOS)*: Code and analyze behavioral and affective indicators in structured parent-youth interactions as part of randomized controlled trial of the Mindfulness-enhanced Strengthening Families Program (MSFP)
2. *Project Mind-Heart (PMH)*: Investigate effects of brief mindfulness induction on individual and dyadic patterns of physiological, affective, and behavioral indicators during challenging parent-child interactions

Parenting Young Children Project (NICHD), Project Manager 2015 - 2018

Principal Investigator: Erika S. Lunkenheimer, Ph.D.

Project management, grant administration, participant recruitment and retention, technical and scientific writing, and data collection and analysis using dynamic systems-based methods and modeling for NIH-funded longitudinal study investigating parents' and young children's (2.5 to 4 years old) dyadic coordination of emotions, behaviors, and physiology and associated risk of child maltreatment and psychopathology

Child Trauma and Resilience Assessment Center, Intern Fall 2017

Principal Investigator: Lise Youngblade, Ph.D.

Director: Stephanie Seng, M.S.

Administrative and research support for SAMHSA-funded projects focused on state-wide trauma-informed training, development of adult trauma assessment, and trauma assessment provision for high-risk adolescents

Cognitive Neuroimaging Laboratory, Honors Undergraduate Research Scholar 2014 - 2015

Director & Principal Investigator: Carol A. Seger, Ph.D.

Data collection (within undergraduate psychology research pool) and subsequent data processing for dissertation research concerning learning and memory

Translational Research Experience

SOS Outreach, Research Consultant 2019 - Present

Principal Investigator: J. Douglas Coatsworth, Ph.D.

Executive Director: Seth Erhlich

Qualitative and quantitative data management and analysis; study design and planning; grant-writing to help bolster research-base for outdoor-based mentorship and leadership program for at-risk and marginalized youth

Douglas County CSU Extension Office, Program Evaluator 2019 - Present

Principal Investigator: David MacPhee, Ph.D.

Program Director: Kyle Christensen

Evaluate efficacy and effectiveness of Youth Leadership Summit (October 17-21, 2019) for diverse Colorado youth

Software Development

Wendt, K.E., Zhang, S., Feldman, M.F., Anderson, G.B. (2019). psyphr: R package suite to wrangle, visualize, and analyze psychophysiological data. In active development.

Peer-Reviewed Publications

Under Review

Skoranski, A.M., Lunkenheimer, E.S., & **Wendt, K.E.**. Flexible or inconsistent? The impact of parent-child dyadic flexibility on child emotion regulation varies by maternal depressive symptoms. Manuscript under review.

In Preparation

Presentations

Wendt, K.E., Zhang, S., Feldman, M.J., Anderson, G.B., & Coatsworth, J.D. (2019, November). *psypyr.read*: R package to wrangle and tidy psychophysiological data from proprietary systems. Poster accepted for presentation at the Graduate Student Showcase, Colorado State University, Fort Collins, CO.

Prendergast, S., Miller, R., **Wendt, K.E.,** Klinedinst, T., & Gerst, K. (2019, May). Informing precision prevention using latent class analysis. Presentation in the Sloboda & Bukoski Cup at the Society for Prevention Research Annual Meeting, San Francisco, CA.

Wendt, K.E., Coatsworth, J.D., Lunkenheimer, E.S., & Cleavinger, E.J. (2019, May). Effects of mindfulness induction on parents' parasympathetic activity in parent-child interactions. Poster presented at Society for Prevention Research Annual Meeting, San Francisco, CA.

Toll, R., George, M.R., Duey, S., Nichols, K., Riggs, N.R., & **Wendt, K.E.** (2018, May). Promoting innovation in prevention science. Special Interest Group at Society for Prevention Research Annual Meeting, Washington, D.C.

Wendt, K.E. & Coatsworth, J.D. (2018, April). Exploring moderators of mindfulness training on parental physiological regulation and mood. Paper presented at Celebrate Undergraduate Research and Creativity Showcase, Colorado State University, Fort Collins, CO.

Wendt, K.E., Skoranski, A.M., & Lunkenheimer, E.S. (2017, April). Maternal depression moderates the relationship between mother-child co-regulation and child emotion regulation. Poster presented at Celebrate Undergraduate Research and Creativity Showcase, Colorado State University, Fort Collins, CO.
